Elm St. drain issues have been addressed by Reliable Contractor Services.  
North side of E. Main St. (approximately 214) catch basin was full.

F-550 Dump Truck will be \$6000 plus to fix. A pin on the dump had come out at some point and when the bed was lifted, caused damage to the cab and the bed. The mayor had looked at leasing or purchasing a new vehicle. Dennis Burdue felt that at this time we should just do the repairs needed for the vehicle to operate, cosmetic repair was not necessary. Fix the window on the cab and make sure the door closes.

Council reiterated that maintenance checks need to be done daily before vehicles are taken out.

Potholes need to be filled. There is enough money to purchase supplies.

## RECORD OF PROCEEDINGS

### Minutes of Village of South Amherst Meeting

#### **Recreation:**

Registrations are being taken, deadline is March 1. The board is considering holding a fitness walk at the Community Park. Laurie Beran asked that the rec board contact the park board, so that there will be no conflicting programming.

The girls will no longer be a part of OGSO (Ohio Girls Softball Organization), they will be part of the newly formed Lorain County Girls Hotstove.

One new rule that has been adopted that no game can be forfeited without board approval.

Fees are supposed to be approved by council. The law director reviewed Ordinance 149-08 and her opinion is that council just needs to accept the fees, not redo the ordinance, after the rec board has filed them with the clerk. A motion was made to accept the current fees of: Hot Stove player Fee \$120, Jersey Fee \$25, and the In-House League \$50 by Robert James, seconded by Alyssa Alcorn. The vote was 3 – Aye, with 1 – Abstain.

Council member Jed Willis asked visitor Zoltan Zoltai (15+ years coaching OHSAA & travel) his opinion if a red diamond dust infield is more labor intensive than a dirt infield. This question was asked of Mr. Zoltai because council members have been concerned about the rising cost of field maintenance. Mr. Zoltai stated that, “James Day Park in Parma has switched to all red diamond dust infields which are played on for 12 hours a day and they have cut their grounds crew in half. Their infields are redone after every 3 games.” Jed Willis stated, “That this comment needs to be directed to the rec board because they are insisting that it takes more time to do field maintenance.”

Next meeting will be March 21, 2018 at 6:30 p.m.

#### **BPA:**

Would like to replace the water plant building with a new structure approximately 24 x 30, village should possibly put some money towards the project to make the service building larger in order to meet future needs, just not current needs. Mayor Leshinski feels that public service buildings should be in one location, various council members agreed with this opinion and for the building not to be built separately. Having the water department attached to the village garage would make it more secure and it would be inside a locked fence, which should negate the BPA’s safety concern of it being close to the bars.

The board has developed a water tap application form.

The BPA clerk & laborer will be at training on March 12 in Norwalk and in Columbus on March 21. One of the trainings will cover asset management.

The board has discussed and worked on ordinances pertaining their department which need to come to council for review and approval.

A representative from the company that does radio read water meters will be present at the BPA meeting on March 5<sup>th</sup>. Mayor suggested that we do the whole village at once, instead of in

sections. Council had asked how manpower would be effected once the meters were in and who would review the job responsibilities. The mayor stated that would be up to the BPA.

Next meeting will be March 5, 2018 at 7:30 p.m.

**Park:**

**Committees:**

**Service**

New employee is working out well in the Service Department. Will be at a future meeting in order to meet the council.

**Bldg. & Grounds**

Fire Dept. generator – contacted Electrical Accent, FD lost out on the grant, they will try next year. Council member stated that seeing the SAFD lost out on the grant, which we need to get the current generator fixed.

Council member James would like bids started on BPA building, was SAFEbuilt asked to do a scope. The mayor said not as of yet. Council member Troike said the BPA tabled it. The mayor and council member James both agreed that it was never formally tabled at a SABPA meeting. Council member Troike said that the building was never discussed in a council meeting. Council member James insisted it was. Discussion of the proposed new SABPA building was found and read from the council meeting minutes of February 26, 2018:

*“Would like to replace the water plant building with a new structure approximately 24 x 30, village should possibly put some money towards the project to make the service building larger in order to meet future needs, just not current needs. Mayor Leshinski feels that public service buildings should be in one location, various council members agreed with this opinion and for the building not to be built separately. Having the water department attached to the village garage would make it more secure and it would be inside a locked fence, which should negate the BPA’s safety concern of it being close to the bars.”*

**Info/Tech**

Next meeting will be May 2 at 7 p.m.

**Ordinance**

Next meeting will be May 7, 2018 at 6:30p.m.

**Audit/Finance**

Next audit meeting will be May 15, 2018 at 7 p.m. Finance at 7:30. Council member Willis reported that they are a little behind on their committee audit being done, due to waiting on the state audit to be completed. The committee has completed January and February. At our next meeting we will complete the March – April audit.

**Safety**

**Police**

Cruiser 222 will be having its brakes and rotors replaced, cruiser 250 will have a tire checked for a slow leak. When the weather breaks, both cars will be getting a thorough cleaning. Requesting that exterior water spigot be turned on.

## RECORD OF PROCEEDINGS

### Minutes of Village of South Amherst Meeting

Contacted VASU for an estimate on installing equipment for an SUV, waiting on correct proposal. Some council members would still like the chief to further research a car vs SUV for their next patrol vehicle.

Meeting with the staff at SAMS to start training inside the school for Active Shooter Response, Building and Room Searches and Barricaded subject. This will assist all officers in dealing with situations that may arise either at schools, businesses or residents. The chief has been given permission by the Cleveland Clinic Police to do training at their facility at the old Playhouse Theatre in Cleveland for the above stated scenarios.

Officers were trained this past week on the new Lorain County Jail procedure for booking prisoners using the new full body scan device. This procedure begins in May.

#### **Fire**

#### **Cemetery**

The mayor asked the ordinance committee to please review the changes to the cemetery rules ordinance prior to the next ordinance meeting, so that it may be completed.

Next meeting will be May 9, 2018, at 6:00 p.m.

#### **Recreation**

Hotstove registrations are closed, Tball registration is open until June 1.

Next meeting will be August 15, 2018, at 7:00 p.m.

#### **BPA**

Next meeting will be May 7, 2018, at 7:30 p.m.

#### **Park**

First Fitwalk of the season is this Wednesday at 7 p.m. Promotional flyers for all park events are being posted around the village.

Sara Lalonde asked the council for approval for the park board to proceed with a video grant proposal for a new playground. Secondly, that if that grant would be approved and outside funding cannot be found to cover the construction/installation cost of approximately \$5000.00 that the village would cover the cost and the contractor's permit be waived. Lastly, that if there are outside donors that a thank you sign be posted at the playground for at least 5 years. Council member Burdue asked how donor money would be accounted for. The park board stated that The Friends of South Amherst Community Park is in the process of being established, which will be a separate entity from the village and donations would go through them.

Jeri Leigh Siss moved to approve the park board proceeding with the video playground grant proposal, cover the construction costs if below \$5000.00, waive contractor's fee and approve for a donor sign to be placed at the playground. Seconded by David Troike.

Next meeting will be May 3, 2018, at 7:00 p.m.

**Zoning**

At this time there is no pending business, so the next meeting will be May 23.  
Next meeting will be May 23, 2018 at 6:30 p.m. If needed.

**Old/New Business**

Resident Sara Lalonde asked for clarification on the Church Street project and when will they repave the road in front of her house. The mayor stated, “ the work will go to the catch basin that separates the property between the church and the first adjoining residence. The break in front of Ms. Lalonde’s house will be paved when the break on Annis Rd. and other areas are repaved.”

Council member Burdue inquired about when the signs for recognizing the Class F baseball championship will be completed. Mayor Leshinski is working on it and wants to post them at the ball fields and get rid of the ones at the entrances to the town. Comments of council and the visitors was that it should be on the entrances to the village. The mayor is waiting to see how much money we will get from the recycle grant.

Memorial Day speaker is still needed and we need volunteers for the Military Honor Guard. At this time we have 3 volunteers, council member James said he would help if needed. Council member Burdue thought resident Charlie Gohr would be a good speaker.

**Visitors**

Residents: Mark Leshinski 592 S. Lake St., Zoltan Zoltai 374 Annis Rd  
Service Department: John Hrdlicka – new employee, introduced himself to council.  
Fire Chief Al Schmitz

Lorain County Development – Dan Romancak & Mark Ruffner presented a short program on Stormwater Utility and explained what the program could do for the village.

- Establish a dedicated funding source
- Meet EPA requirements for pollution
- Drainage improvements and flood prevention
- Consulting engineering
- Council member Siss asked if this is something just the council votes on or does it go before the voters. The mayor stated that, “We would have an ordinance with 3 readings, plus a public hearing.”
- The rate that would be assessed to each homeowner would be approximately \$32.00 for every 6000 sq. ft. of impervious surface.
- Mark Leshinski wanted to know the process needed to go through to get a ditch cleaned. Mr. Romanack stated there are numerous ways and one of the ways for a resident would be by going to the County Commissioners.

Payment Listing 4/7/18 – 4/23/18

Bank Reconciliation – April

Jed Willis made a motion to acknowledge the receipt of the payment listing and bank reconciliation. Jeri Leigh Siss seconded. Roll was called with all in favor.

Reappropriation

- Council member James was in opposition of the SABPA training increase of \$900.00. James attends the SABPA meetings as the council liason. He stated that, “the SABPA wants to send both SABPA employees (clerk and operator) to a multiday training on backflow for a cost of \$1400.00. The clerk doesn’t need it, so \$700.00 is off the table...the course just explains what a backflow is. The operator would only be able to inspect “municipal buildings.” James went on to state that he did not feel it was appropriate for the operator who is hired to repair the backflow, to be the one to inspect it.
- Council member Troike ~~questioned where the \$1400.00 amount for this training came from, he had only seen an amount of \$824.00 for the MS4 training which is good for 5 years. James stated, “the \$1400.00 amount came from the SABPA minutes, where it was approved by Dean Nichols for both SABPA employees to attend the backflow training for \$700.00 per person.”~~ said, *“I don’t see the \$1400.00 that you’re talking about.” Robert James, “it was already included at the water board meeting.” David Troike said, “I see an increase in training of \$900.00.” James, “It’s to cover Jeanne.” Troike, “No, it’s not to cover Jeanne. It’s for the stormwater MS4 inspection training which is \$824.00, she sent an email out to council members. James, “Yes, she include that in the minutes of the water board, she included \$1400.00 for her and Dennis and it was approved by Dean Nichols.” Troike, “That might be for what you’re talking about, but I’m asking about this \$900.00 that we are increasing it by, is that not for the MS4 inspector training that will last 5 years?” Mayor and Robert James both stated that no it was not for the MS4 and it never came up in the water board meeting. (corrected 5/29/2018)*
- Further discussion was had on whether the council could dictate who could go for training. Council member Troike said, “We can’t dictate what they (SABPA) do with their employees, but we can control the money. So, if we don’t want to give them additional money for training, than we don’t approve the training appropriation.”

RECORD OF PROCEEDINGS

# RECORD OF PROCEEDINGS

## Minutes of Village of South Amherst Meeting

(Attachment A)

### Adoption of the Agenda

The agenda alone with any amendments must be approved by motion.

The meeting should begin with the consideration of the agenda. The mayor will ask if any of the council members have additional matters that should be placed on the agenda. If council has decided that the agenda is to be strictly adhered to, the mayor should call for a motion to adopt the agenda. Otherwise, the agenda should be accepted as presented or amended.

The agenda forms part of the minutes and must be retained in the minute book. All items on the agenda become property of the meeting. Any change to the adopted agenda must be made by motion of council.

### Point of Order

This motion permits a council member or ex officio member to draw the chair's attention to what they believe to be an error in procedure or a lack of decorum. A member rising on a point of order does not need to wait for recognition from the chair.

The member will say:

"I rise to a point of order;" or "Point of order."

The chair should recognize the member or ex officio member who then states the point of order such as:

"The motion just proposed is out of order because there is already a main motion before the council."

"Lack of decorum or unrelated discussion to the topic."

The chair then rules as to whether the point is well taken. Unless the presiding officer's ruling is challenged, the decision will stand.

A point of order can interrupt another speaker, does not require a seconder, is not debatable, is not amendable, and cannot be reconsidered.

### Visitor Acknowledgment

Visitors have time at the start of the meeting to state their business before council.

Throughout the meeting a visitor MUST be recognized by the chair/mayor before commenting.

Mayor Leshinski raised the question to council - If a resident has a commercial tree trimming company trim their trees, is the village responsible for chipping/cleaning up the branches the company cut for the resident? Discussion was held with the final consensus being that the village has no legal responsibility but can do it as a courtesy.

Council member Burdue inquired what are the service dept. workers doing for 8 hours a day, he feels the department should be accountable for their time. It was stated that the service department is no longer mowing the cemetery, cleaning storm drains, so why were the roadside berms not mowed prior to Memorial Day. The council was informed that the tractor was in for repair.

Mark Leshinski presented an invoice for mowing the property of a foreclosed house prior to Memorial Day. Council determined that proper procedure had not been followed with a purchase requisition being filled out before the event occurred and that a private citizen was asked to do the work that the service department employees should have completed. Michelle Henke, Fiscal Officer will contact the State Auditor to verify proper protocol. Michelle Nedwick, Law Director stated, "He can make a moral claim and the council can vote on it at the next meeting." Council agreed with the decision of the law director as long as it was for a reasonable amount.

Recreation Board / Hot Stove Issue

The following question was asked of our local auditor, Charles E. Harris & Associates, Inc.; if we disband the recreation board, what becomes of the money in the account? Their response was that the money in the account stays in the village account. A separate discussion was held with an officer from the Lorain County Hot Stove Association regarding if there was an actual charter and why the village is still processing the registrations. Their answer was no there are no charters and that from their understanding the reason why Firelands-South Amherst Hot-Stove still has the ties to South Amherst is because no one was willing to step up and take on the responsibility of the processing of registration fees. It was also stated that it would be in the rec board's best interest to separate from the village, then they could get sponsors which would be more advantageous to them. Lastly, the Hot Stove officer felt there should be a dialogue between council and the rec board. Council members want to know why the village is doing all the administration work when no other communities are doing it, Hot Stove organizations are separate from the municipalities. Council would like to have the Recreation Board in for discussion on August 27, 2018 at 7:00 p.m. After further discussion it was decided that council members Jed Willis and Robert James would attend the Recreation Board meeting on August 15, 2018 at 7 p.m.

Trying to get caught up from the past 2 weeks. Lost a total of 3 1/12 days due to 2 funerals and employees calling off.

Council member Dennis Burdue wanted to know, "Do we have the workers scheduled for the blow out on the storm drains E Main St & S Lake." The mayor only knew of S. Lake, will investigate E. Main and have the workers scheduled.

Council asked if the call offs were documented? Yes, on employee time sheets.

Council member Dennis Burdue asked about an update on the Annis Rd culvert. A letter was sent, stating they had 10 days for repairs. At this time it has not been done. Burdue wants the culvert taken out by our service department, the ditch needs to be flowing and felt that if there is a penalty, it should be enforced.

Bid opening for the Leonard St waterline project consisted of 5 bids. The project was scoped at an estimated cost of \$217,300.00. Northeast Ohio Trenching Services, Warrensville Heights was the best and lowest at \$165,426.00. Bramhall Eng. will double check all the paperwork prior to submitting it to the Ohio Water Development Authority for the loan. OWDA meets mid-July for approval of the loan, then council would pass legislation that the contract was awarded to Northeast Ohio Trenching, which would give us a start date of mid-August. Resident Thomas Pellittieri asked who was the next lowest bid, which was Diggers of Ohio, LLC. Mr. Pellittieri stated, "Diggers would be the best because they have familiarity with the system already.....so, if I put it in I know where everything is at."

A public hearing will be held on July 23, 2018 at 7 p.m. regarding the Lorain County Storm Water District. The notification was requested to be on the next water bill.

Kim Greene restitution payment scheduled was distributed to council. Council questioned what the \$9,947.12 amount was for dated on 5/15/2017. The fiscal officer will look into that amount. Michele Henke, Fiscal Officer, stated that she had misspoke at the last meeting and clarified that she had spoken with the state auditor and there cannot be a finding of recovery because the village did not go through the auditor's office but was handled by Bureau of Criminal Investigation. Therefore, it has to go to a civil case and a lien against her property. Michelle Nedwick, Law Director stated, "we did go for a certificate of judgement, ORC section 23902, over a year ago.... If you read the section it acts as a lien, I will double check that it was recorded with the clerk of courts and that they filed with the county recorder. If Kim would sell her house/property this judgement would act like a lien." The law director also stated that in a civil case even if you tried to go with culpability on the husband's part that you still need to have proof. A questions was raised, who monitors the payment plan? Check with the probation department.

**Public Hearing for 2019 Tax Budget**

7:00 p.m. called to order by Mayor David Leshinski.

Present: Fiscal Officer Michelle Henke, Records Clerk Laurie Beran, Council members: Dennis Burdue, Robert James, Stuart Jones, Residents: Andrew Nickels 207 Charles St, Steve Wells 203 Charles St.

Fiscal officer Michelle Henke reviewed the 2019 tax budget (attached) and explained the increase from the past year's budget.

Council member Burdue questioned pg. 5 state shared taxes & permits, why was it almost double? The fiscal officer will have to review and get back to Mr. Burdue.

Resident Steve Wells asked when the storm water would be assessed. Mayor Leshinski replied that it would start in 2019. Mr. Wells, "What are the funds being set aside for?" The mayor replied, "That all money in the Storm Water Enterprise Fund can only be used for storm water projects."

There being no further business, Robert James move to adjourn. Dennis Burdue second. Meeting adjourned.

Census – another month to do report.

Safebuilt Service Agreement – law director was forwarded a copy and she will review it.

Leonard St speed limit – resident concern. Council suggested that the cops make a presence

Resident concerns of the numerous amount of dump trucks coming through town from the retention pond being excavated in Amherst. ODOT was called to verify truck weights, all trucks passed.

Mayor Leshinski suggested that the village wide garage sale be extended to 3 days. David Troike move to extend the village wide garage sale date from August 10 – 12, 2018. Dennis Burdue second. Roll was called with all in favor.

WOW (cable) Council members reiterated that WOW subcontractors needed to have traffic control on Main St., North & South Lake St, plus Russia Rd. If our police are not available, they need to have provide 2 flaggers of their own. The village is still waiting on the company to send transformer specs before the inspector will approve them.

Village garage scope of work was emailed out to all members for review. Feedback was that there needs to be a man-door on the south side and possibly lighting on the backside of the garage.

The resident at 525 S. Lake St. wanted to know why they don't have a culvert tile and other residents do. Council said that when the road was previously done, driveways, ditches, etc. were put back the way they were originally. If the resident wants a culvert tile put in, they are responsible for it, not the village.

**Law Director Report**

Law Director Michelle Nedwick questioned some wording in the Safebuilt service agreement that she would like changed. The information will be forwarded to Steve Nero, Director of Business Development, Safebuilt.

Wording on building penalty ordinance needs to be clarified specifically #3 (the penalty for starting work without a permit.) Placement of the penalty to go in 1305.01.

**Old/New Business**

The fiscal officer would like clarification on the protocol for accepting gifted property. The issue was raised due to the possible closing of the school. The mayor commented that there would need to be an agreement on how it would be handled. Mayor Leshinski said that if the school was to be turned over to the village there would be some revenue from the cell tower. The law director will do research on the matter and report back at the August 13<sup>th</sup> council meeting.

Mayor Leshinski met with the Firelands Local School District superintendent. Mr. Von Guten informed the mayor that there will be a levy on the primary ballot in November for a new high school. The mayor received a tour of the school and was informed that there would be a resource officer in the district.

Council member Jeri Leigh Siss asked to have added to the August 13<sup>th</sup> agenda a discussion on a community development committee.

Payment Listing 7/23 – 8/13

July reconciliation

Payment listing

Council members Willis and Burdue questioned why Susan Howell (former council member) was receiving a check. The fiscal officer stated that she was receiving a tax refund.

Robert James move to accept the reconciliation report and payment listing. Jed Willis second. Roll was called with all in favor.

Michelle Henke, fiscal officer requested to have a one year audit to be completed by C.E. Harris & Associates. The contract would actually be extended for the one year audit and the normal 2 year required state audit, concluding in 2021. When the contract expires, the village would be back on the State Auditor's rotation. Robert James move to accept the contract extension with C.E. Harris & Associates. Jed Willis second. Roll was called with all in favor.

Recreation Board reallocation of funds to cover umpire fees. Jed Willis move to accept the reallocation of funds. Robert James second. Roll was called with all in favor.

BPA Contingency Plan budget reallocation

The SABPA met on August 6, 2018 to discuss a contingency plan to provide safe drinking water to the village in the case of an emergency. A motion was made and approved to transfer funds if needed from Building and Other Structures to Utility Distribution.

EPA directives

Michelle Henke, fiscal officer called the EPA to receive clarification from a financial standpoint on the EPA directives that the SABPA are mandating regarding water distribution. Ms. Henke spoke with our EPA representative Laurel Ljubi. Summary of the conversation is that the council and the SABPA need to work cooperatively need to work together to educate the public of why we need to make these changes. If something would happen, the village is liable. So, as the fiscal officer we need to comply with the mandates now, so that we are not hit with fines at a later date.

Robert James move to purchase non-potable water signs and 3 water expansion tanks not to exceed \$2000.00. David Troike second. Roll was called with all in favor.

Budget re-appropriation discussion

The fiscal officer will have the suggested budget reappropriation changes sent to council members by 8/20/18, so there can be discussion on it at the August 27<sup>th</sup> meeting. Then we need to plan the 2019 budget. All departments will be notified that any expenses other than payroll and normal expenditures need to be completed by 11/17/2018. Example: training or conference after 11/17/2018 will not be approved.

**Records Clerk**

Laurie Beran, records clerk apprised the council of the cost difference between having 3 Codified Ordinances hard copies and 10. The savings would be over \$1000.00 per update,

**RECORD OF PROCEEDINGS**

Next meeting will be August 15, 2018, at 7:00 p.m.

**BPA**

The board has been working on a contingency plan that must be in place. This is mandated by the EPA.

**Water Meters**

In switching over to the radio read meters there has been some miscommunication regarding how to write the proposals... The SABPA would like to do a Request for Proposal (RFP) instead of advertise for bids. The RFP will be explicitly written for specific criteria. Dennis Burdue asked why in the SABPA minutes it states that the operator should buy old meters to have on hand. SABPA Chair stated that it was for the senior citizens who did not want the newer technology. Council felt that there should be no choice, if the system is being changed over to the radio read meters, every residence should be the same.

SABPA has submitted paperwork for a loan to replace the waterline on Leonard St.

Council member Siss asked the Chair of SABPA David Faight, “from our minutes (council) of July 23<sup>rd</sup> it was brought up, what the status of the water building was and that minutes would have to be reviewed. Was there a specified date given of when the department had to be removed from the building?” Council member Robert James, “Dave (Faight), do you still have the those minutes (water board minutes) where you pointed out to me, where you said that I

made a motion to get out of the water department, do you still have those? Do you have a copy of that? Dave Faight, "I probably do." Robert James, "can you make sure that Laurie (Beran, records clerk) gets a copy of it." Dave Faight, "Sure."

The records clerk, Laurie Beran requested that she receives a copy of the SABPA board minutes from each meeting. Dennis Burdue clarified that the records clerk and fiscal officer be added to the email list of who receives the SABPA board minutes.

**Old/New Business**

Community Development Committee proposal that was put together by council member Jeri Leigh Siss was distributed and briefly discussed. Further discussion will take place at the August 27<sup>th</sup> meeting.

Complaints were discussed regarding the property at 213 Charles St. In 2015/16 building plans were submitted to the village to redo a garage with a guest room above it. The village granted it with the restriction of NO kitchen allowed because it would make it a 2 family residence and that location is zoned for single family. Pictures online of the property clearly show a full kitchen. Currently, the "guest room" is being used as an Airbnb. The law director will research further.

**Visitors**

Don Ludwig 1719 Pyle Rd., Virgil Flynn 21 Elm St., Sara Lalonde 410 Church St., Thomas Pellitteri 107 White Birch Way, SABPA Chair: David Faight.

Don Ludwig stated when North Lake St was resurfaced they built up and crushed the tile, and has had flooding issues on a continual basis. Mr. Ludwig had previously talked with Dave Leshinski when he was council president and the mayor at the time Ron Schmitz, with no results. Council member James advised Mr. Ludwig to have an engineer take a look at the property to see what would be the best solution, draw up a plan, then come back to council for approval.

Sara Lalonde stated that she has called the village and been to council meetings numerous times over the last 14 years regarding the flooding issues on Church St. and her property and has not received an answer of when it would be specifically taken care of. Mayor Leshinski responded, “The BPA replaced the water line on Church St and when they opened the hole the clay storm drain had been damaged, the clay was repaired with some plastic tile. The tile goes across and it bends on a 22 – 45 degree bend to a basin on the corner of Leonard and Church St. The storm drain should have been jetted previously. That is what we will address tomorrow (8/28/18)... Once we do that (jet the tile) it should alleviate the blockage.”

Virgil Flynn commented that since State Rt. 113 (W. Main St.) was repaved there has been an issue with excessive water running from 113 towards the houses on Church St. There is something plugged on 113. Mayor Leshinski said the a large problem with the repaving of 113, the state put in a gravel berm, which every time there is a hard rain it washes away and goes to the drains. More discussion was had and council member Burdue summarized the discussion by stating, “All the debris washes off the side of the road, it doesn’t matter the size of the tile that goes to it or making dams that divert it to go in another direction, what do we need to do from

the state on 113 to keep that water from eroding the roadside, filling the catch basins and making these dams to divert?”

Thomas Pellitteri mentioned how the village has the issues of berms, stone, the cleaning of the catch basins. There should be a plan for the workers to be checking the basins etc. once a month. Mr. Pellitteri disagreed with the mayor that a yearly check was not good enough, it needs to be done monthly, if not weekly.

#### **Mayor's Report**

446 Annis Rd. & 105 Maroy Dr. - Tap in permit

Council member Troike asked, “Is the BPA taking over the storm water? If so, they should be taking care of this.” Mayor Leshinski, “Not at this time.” Discussion was held and it was concluded to have the BPA operator check that the lines are correct, he has to approve and then it comes back to the council for approval, tabled until September 10, 2018.

MOU Storm Water approved by county on 8/21/2018.

2019 Calendar distributed to council for review.

#### **Law Director Report**

Gift of property – council would have to determine if it has a municipal purpose (can it be used), may have to have an environmental impact study. Council asked if they could refuse a gift. The answer was yes, if it does meet a municipal purpose.

Airbnb, 213 Charles St. further research needs to be done, this is a grey area currently in the law. Michelle Nedwick, Law Director did suggest to have the property owner hire an engineer to draw it in the “as is” condition and present it to the Zoning Board of Appeals for a variance. Could do a cease and desist order because of building code violation, but at this time what would be the village’s next course of action be? It would be the zoning board of appeals decision if they accept the variance. Ms. Nedwick stated, “The village should advise the owner that we are aware they did not follow the approved building permit that was issued. They have made their single family residence into a multi-family dwelling and they are going to need a variance.” Mr. James asked, “That doesn’t mean they (ZBA) have to give them the variance?” Ms. Nedwick, “No, and if they don’t, this is when it would be said you can’t lease it out. But you could have friends and families.”

RECORD OF PROCEEDINGS  
Minutes of Village of South Amherst Meeting

Update status of EPA directives – last time we met motion for \$2,000.00 - park yard hydrant has been removed, cemetery water is turned off, expansion tank estimate from Giesel is due tomorrow.

Reappropriation discussion – the first set of numbers sent out on 8/20 did not include the additional money for the Leonard St project, the correct amount for additional funds was forwarded to members via email, and total is \$2,050,000.00. When the engineer did core samples, they ran into issues, which increased the project by \$137,500.00. Council member Siss asked for clarification on how the proposal for a road project is formulated. She felt that the \$137,500 was a pretty significant increase. Ms. Henke, Fiscal Officer agreed and questioned, “Who is the actual project manager on this type of project who is on site and has our best interest?” The engineer. Resident Tom Pellitteri stated, “The engineer should have pulled core samples prior to the proposal being given, not after.” An outside firm did the core samples, not Bramhall Engineering.

Board/committee liaisons - attend meeting, submit last approved minutes, and recap new relevant issues. If liaisons cannot attend next committee designee should attend.

Audit Report by C.E. Harris, no finding for recovery. Thank you Jeanne Maschari.

Service worker called in after the storm Sunday morning to help clean up the west end of W. Main St.

Erie St has a sump pump running out to the sidewalk. Informed the home owner verbally for illicit discharge, needs to be a paper trail, develop protocol which has a time frame for completion.

Mr. Burdue was confronted by resident Jason Riddle (156 E. Main St.) for the second time. Mr. Riddle wants to know why nothing has been done yet on E. Main just west of Vivian St. where there had been a blowout on the storm drain, why there are still flags and weeds? Why hasn't Kenwood been taken care of yet? Mayor said it will be addressed. Further discussion was held and the questions was raised if we needed to hire another worker because jobs are not getting done. Council reminded the mayor that he is not to be doing the work, but the service department employees are.

Council member Willis raised the issue of the used oil not being properly contained. Diggers of Ohio, LLC was supposed to take the used oil along with the oil burner in exchange for leveling the area. The oil needs to get removed.

Todd & Becky Siesky 126 Maroy Dr., Zoltan Zoltai 374 Annis Rd., Andrew Lawrie SAFD

Beck Siesky inquired if the storm drain on Maroy was on the list to be cleaned. Their basement was flooded after the storm on 8/6/18. Mayor Leshinski stated that the south of Maroy had been done and some laterals on the north side. Upon further discussion she Mrs. Siesky did state that their neighbors did not have any flooding. Council member Burdue suggested that they should have their lines that connect to the storm checked. Council member Troike asked to have the basins checked on Maroy.

**Mayor's Report**

Republic Service recap – they will pick up yard waste, and pickup leaves and branches in a bag or 36 gallon trash can. Republic is to send out information and the representative justified the increase due to added labor cost and equipment used.

219 Oakdale flood reimbursement – 29” of water in basement, appliances ruined including HVAC, the breaker had been tripped. Council concluded it was an act of God and the village is not responsible for damages. There is no proof that the flooding was the cause of the storm drains.

Council member Robert James, “I want one more thing on the mayor’s report. Last meeting we had a discussion 446 Annis Rd and 105 Maroy Dr., talked tap permits.” Mr. James then read the following from the 8/27/2018 minutes; “Council member Troike asked, “*Is the BPA taking over*

This time though, you want it inspected before they do it. There was further discussion and Council member James summarized by saying that, “When it’s in the minutes you gotta do something, you cannot do that (do something not approved). Do you have the paperwork that I asked you for? That you said I’ll bring it up right now too. Cause if there is a lawsuit we should see the paperwork.”

Robert James move to enter into executive session to discuss personnel. Dennis Burdue second. Roll was called with all in favor.

446 Annis Rd & 105 Maroy Dr. Tap-In. David Troike move to approve the tap-ins. Dennis Burdue second. Burdue – Aye, Siss – Abstain, Jones – Aye, Troike – Aye, James – Abstain.

120 Annis Rd Tap –In – he wants to tie in his footer drains. Council member Burdue stated that the resident needed further information; where is the drain going to, what is getting tied in, where is the crock, etc. Tabled until 9/24/2018.

327 W Main Tap-In - The size of the storm line needs to be verified, the MS4 says it’s a 12” main, on this drawing it says it’s an 8” main. Tabled until 9/24/2018.

2019 Council Calendar is tabled until 9/24/2018.

Thompson waterline is being replaced and should be getting connected this week.

Leonard St Project - preconstruction meeting was held. Construction should be starting on 9/24. Leonard St. will be periodically be closed. The contractor would like the storm drain laid before the water line, so that the soil is not disturbed The storm line is being replaced from the village limits to Church St.

Annis Rd project - preliminary study done by engineer for a projected cost of \$1,080,000.00. Dennis Burdue asked as a comparison, what was the total of the south end of Annis Rd. was it done. Consideration is being made at only doing half of the north section. BPA doesn’t want to do waterline at this time due to the \$400,000.00 cost of the waterline, they would have to do a loan for the whole amount. Loan percentage for our portion of the cost has gone up to 37% for next year. The fiscal officer was not pleased with being given one days’ notice that application was due. Council member Burdue stated his displeasure with the increase in our portion, but he did move to proceed with the project. Robert James second. Roll was called with all in favor.

Council member Siss inquired on the status of 449 W Main St., has there been a response to the letter that was to be sent regarding the shrubs. Council member Burdue said to send a copy of

Council member Troike presented concerns regarding storm sewers from Rich Dewitt Jr. of 435 W Main St. Council member Burdue suggested that we dig out the grass and reform the area with hot-patch, so that the water has someplace to go. It will not solve the whole problem, but will alleviate the majority of the water going towards Mr. Dewitt's garage. Council member Burdue and Mayor Leshinski appraised the drainage situation at 1719 Pyle Rd, (Don Ludwig, and last house at north end of town). There is a catch basin on the property line between his and

## RECORD OF PROCEEDINGS

### Minutes of Village of South Amherst Meeting

Halloween Trick-or-Treat is Wednesday, October 31 from 5:30-7 p.m. Jed Willis move to accept day and time for trick-or-treat, with a second by Dennis Burdue. Roll was called with a 4-1 vote in favor. Council member Troike asked to have all 4 cop cars in use that evening, with 1 car E. Main, 1 car on W. Main and the other 2 patrolling. Council member Burdue would like to see a couple plain clothes police walking the streets, he thought it was helpful.

Storm Water – filing of the annual MS4 will now be the responsibility of the county.

Leonard St. Project – Church St. storm drain break was fixed prior to the start of Leonard. There is a 12” line that runs from Church to Leonard St. Water line will be put in on Tuesday, some areas on the west end will be without water for up to 4 hours. Council member Burdue asked if the 2 catch basin grates will be replaced (corner of Church & Leonard and right on Leonard), it was confirmed that they would be replaced.

Received a letter from Ohio Representative for the 56<sup>th</sup> District, Dan Ramos thanking us for sending the letter to the state regarding refunding the excess money to the municipalities.

Mr. Lichter owner of Quarry property was notified regarding the grass clippings being blown into the street from the mowers. The issue has been resolved. The Quarry project has had numerous roadblocks with the City of Lorain regarding the sewers for the project. They are looking into possibly doing their own system.

449 W Main St. no reply from resident regarding the letter that was sent on the noxious weeds. The Law Director said if you have police cite the resident, make sure they are explicit of why he is getting the citation. Need to have *Statement of Facts*. During further discussion on the topic, Council member Troike felt we should be concerned about the village’s property and how it looks before citing residents. Council member Burdue suggested that we have the police stop and say something, clean it.

#### **Law Director Report**

The law director recommended that at all Board of Zoning Appeal meetings, residents should be sworn in. This would make it legally binding that they are under oath when giving any statement.

213 Charles St (Airbnb) - Safebuilt needs to do adjudication order. Were they given an occupancy permit and can it be pulled. Will follow up with the mayor and Safebuilt.

Council member James will look up OSHA dress requirements for the service workers and will send out recommendations to council.

435 W Main St. was to be redone around the catch basin, has still not been completed. Mayor will look into.

Status on the backhoe - working but leaking. Should be able to do simple jobs.

Council member Burdue has asked since the first meeting of August about the catch basin and broken tile on Kenwood and the one on E Main by Jason Riddle, are we going to hire someone before the raining season to get these corrected? Another area that we should do is Buckeye St. and N. Lake on the north side, these areas need to be jet rodded. Once a month the guys should be scheduled to clean the catch basins that are known to get filled. Put a screen over some of these, because its mostly stone going in and water will still be able to get through. Fiscal Officer Michelle Henke stated that the Service Dept is stretched to the max now, will need to take money from the building project.

**Bldg. & Grounds**

## RECORD OF PROCEEDINGS Minutes of Village of South Amherst Meeting

Council member Siss asked about the notification to the residents of Church St. regarding how many have been effected by the sludge. Mayor said that it was turned over to the health department. Council member Siss stated. "I will go on the record again and say that if I was a resident and found out that it was withheld from me that there was hazardous waste potentially in my household, I would be upset. In my opinion, it's a huge issue and it's disgusting." Further discussion was held and the council wants residents on Church St. notified of the incident. Council member James asked the law director what should be done. Law director said that she would be interested what other municipalities are told from the health department. Council member James asked the mayor for Lorain County Public Health – Ann Maczuga's phone number because the residents need to be notified. James will call LCPH tomorrow.
