Main, Jeanne Maschari 306 E. Main, Denny Abraham – Amherst Township Trustee, Dave Faight - SABPA, Justin Lichter – IRG

Justin Licheter a representative from IRG was asked to give council an update on the Quarry Project.

IRG (Quarry Project) Justin Lichter (sp) The sewer & water getting it to the site, that's the hold up. Trying to get the county and city to compromise, looking at on-site sewer 45-90 homes for initial phase. What about the resort, how will it benefit the village. IRG is looking at both/all options, they want to work with the county but are tired of waiting. It has been 2 years.

Amherst TWP has not signed their agreement. Troike – is the TIF still on the board...IRG the county is pursuing the TIF.

Mayor feels that all the interested parties (village, townships, City of Lorain, county) should be brought together and trying to get a solution. Troike update every 3 months. Lines of communication need to be open. Burdue – value of houses IRG. Willis – is there anything the village can do to get things moving with the county

Get Jeanne's question about the sewers to the village residents.

Visitors

Peck & Gambish (Village Tax Administrator) – John Peck gave the 2018 tax review. Included how much we brought in, how much is uncollected and new state regulations. For uncollected taxes, the state only allows going back 7 years. Council member Burdue asked if unpaid income tax can be posted in the newspaper like the county does with property tax – the law director will research the topic.

Mayor's Report

Sewer cleaning bids averaged \$450 an hour from Cleveland Sewer Inspection and Great Lakes Pipe Line Services.

NOPEC Grant – for 2017 we received \$5844.00. For 2018 we received \$5674.00. Last year's amount was put in escrow and would like to combine the amounts and put towards a new HVAC. The townhall system is the original, 30 years old. Jeri Leigh Siss asked if it would be beneficial to have a NOPEC rep at a meeting to let the residents know the benefits. Consensus was to ask NOPEC to have a representative at the open house.

Storm water – how soon do we turn over the storm water to SABPA? Further discussion sent to committee scheduled on 2/11/19 following the council meeting.

Mayor's Report

Trash pick-up – after the last increase from Republic Waste, a number of residents have expressed their dissatisfaction to the mayor. In order to join a consortium, there would be a \$5000.00 fee that the village would be responsible for.

Quarry Project Update - Justin Lichter and the mayor did walk through South Amherst Middle School with the superintendent. IRG met with the county and the sewer discussion is back on and they are also working with Lorain County Rural Water. Would like to have IRG, Amherst Township and the village in discussion regarding the sewers. Records clerk asked if an application for Planned Development District 1159.12. had ever been completed, none on file.

Annual Safebuilt meeting with John Cheatam was held to discuss the Building Department operations.

Charter Communications now owns Spectrum Cable (formerly Time Warner).

RECORD OF PROCEEDINGS
Minutes of Village of South Amherst Meeting

Resident Denise Ives of 219 Oakdale, has continued to contact me regarding her claim that the Village of South Amherst is responsible for the flooding in her basement on August 26, 2018. The law director read the current letter to council. Council discussed the matter further and referred back to the previous conversation that was held on 9/10/2018 regarding the matter.

Record of Proceedings of September 10, 2018:

219 Oakdale flood reimbursement – 29” of water in basement, appliances ruined including HVAC, the breaker had been tripped. Council concluded it was an act of God and the village is not responsible for damages. There is no proof that the flooding was the cause of the storm drains.

Conclusion was that a letter needs to be sent from the mayor that the village is not responsible.

Minutes of Village of South Amherst Meeting

Zoning

There will be no board meeting for the month of February.

Council member Willis asked if Amherst Township had passed legislation regarding IRG package sewage plant. Mayor Leshinski stated that they had passed it. Discussion was held and the general consensus was that the village would not benefit from a package plant. In the future if even a portion of the residents were able to tie-in the council could possibly change their opinion.

Robert James move to not approve the IRG sewage package plant. Stuart Jones second. Roll was called with all in favor.

Council member Troike inquired if council needs an ordinance declaring any storm water systems located within the corporations limits belongs to the village. Council member James stated that he believed there to already be an ordinance and would inform us of the details.

Old/New Business

Council member Troike referred to a previous meeting where the school board (Firelands) attended (prior to 2018) and they stated that they would give the school to the village. However at the South Amherst Historical Society meeting (2/6/2019) the school district superintendent said that their bylaws state that any unused property must go out for bid. Council member Burdue was not present at any meeting during the merger process between the 2 school districts but it had been implied that if the property would be vacated then it would be given back to the village. His concern was how was it acquired; was there any money exchanged or was it just merged into Firelands, is there only a claim to the buildings for educational use and not to the physical property. Further discussion was that the village cannot afford to take over the property.

Open house – Monday, March 18 at 6 p.m. it has been advertised in print and social media.

Service employee hire – do we have clearly defined job descriptions for all service workers. Mayor Leshinski said they need to be finalized and hope to have some results in the hiring process within the next couple of weeks.

Council member Jones requested that the keystone from the planter (northeast corner of village hall) be repaired by Memorial Day.

Adjournment

Mr. Boron stated that the WWTF would be a 100,000 gallon package plant to start, than it can be scaled up to the next size/addition. The letter that was sent to council regarding “expressed permission” was done at the insistence of NOACA. The village’s signature on the letter means that the village is giving permission for IRG to proceed with applying to the EPA.

Council would like the minutes or some written documentation where NOACA stated that they would not fund a sewer project on the west end of Lorain County that would have helped move the project along.

Miscellaneous topic – a council member asked Mr. Lichter about the sandstone promised to the village for the front of the fire station. Mr. Lichter said to contact Zack at the Vermilion office.

Mayor's Report

Tap-In – are now part of the SABPA and they will handle all applications. All tap-ins for stormwater and complaints for as such goes to BPA.

Service employee resumes: payrate would start at \$13.25. Council member Troike stated that the current employee should receive a pay increase for amount of work that he is doing. The mayor stated, "It all comes down to the budget." Mr. Troike replied, "You're already busting the budget, because you have \$30,000.00 and made that point, but yet you haven't paid anybody from November for that second position. So, the budget is not in question anymore." Council member Willis, "The budget will always be in question Dave, because we spend more than we take in. So, we are 5 years away from insolvency, basically." The fiscal officer stated that Mr. Willis's comment was correct. The fiscal officer's concern is that with the gas tax increase the service department will receive an extra \$40,000.00 but there may be legislation that restricts the usage. As far as this year goes, there is money to cover an additional employee. Further discussion was held and it was reiterated that in 2-3 years the village would no longer have the tax income from the middle school. Majority of council would like a second service employee as soon as possible and would like the mayor to do his responsibilities and not the service departments.

Council inquired regarding how much income tax can be increased without a vote. The law director will research.

Received the county bridge report.

Mayor's Report

IGR – WWTF approval. (see attached letter from Lorain County Commissioners)

The mayor spoke with Robert Klaiber, Lorain County Engineer's Office. Summary of the discussion was that there would be an advantage if IRG sized the WWTF to include the village. The best alternative is to take a sewer to Lorain. If IRG only builds for their property it may inhibit the village from building one. It is Klaiber's and the mayor's opinion that the county will not sign-off on the project.

David Troike move to not accept the WWTF proposal. Robert James second. Roll was called with all in favor,

Mayor's Report

Quarry Project WWTF

LCCD & IRG have been diligently working to get the project started. A major stumbling block has been the proposed hook-up to Lorain which only has a 15” line. The current line would not be able to handle the sewage coming from the west side of the county. A 20” line would need to be installed. The county is looking for better guarantees before it will approve the project. Both entities have stated that the Village is being considered in the progression of discussions regarding what would be best for the west side of the county and how to get sewers to the Village. LCCD will give a presentation to the Firelands School Board in July 8th at 7 p.m.

Alvin & Eric Miller – Amherst Monument, addressed the council due to not getting satisfactory answers to their concerns from the Cemetery Board after attending the June Cemetery Board meeting. Some of the concerns dealt with the time it took for a footer foundation to be placed, quality of footers, lot transfer, an overturned monument, unfactual statements, and fair labor practice. Amherst Monument did go out and fix the Pelton monument on 6/28/19, the monument is NOT to be moved for 2 months in order for the compound to set.

Summary of response from the mayor and council: Mayor Leshinski reiterated that the Cemetery Board has the option according to their bylaws of whether they buy back a lot or not. A person may transfer their lot as long as the correct paperwork and fee is filed with the Cemetery Board clerk. Council member James stated that the first priority tomorrow morning for the service department was to go to Elyria Concrete to get a pre-poured foundation. Council member Siss asked if Mr. A. Miller could compile a list of concerns, in order for the council to better review and find appropriate solutions.
